MISS BALLARD SECRETLY MARRIES SLIP FREEMAN.

Several days ago word was received here that Miss Mable Ballard, daughter of Mr. and Mrs. C. L. Ballard, had married "Slip" Freeman, at Clovis on last Monday, the day that she went through that place with her mother, en route to California. Last night Mr. Ballard received a confirmation of the report. Mr. Freeman works for the Santa Fe railroad and plays on the railroad base ball team at Clovis. He and Miss Ballard evidently had all arranged for while the train was there, waiting about an hour for the cut-off train to leave. They went up town and were married. Miss Ballard returned to the train and went on to California with her mother, saying nothing of the marriage. Mr. Ballard accompanied them as far as Albuquerque, on his way to Santa Fe and learned nothing of the ceremony. Mrs. Freeman is now in California with her mother.

The marriage of Miss Ballard comes as a surprise to all. She is one of Roswell's prettiest and most popular young women and that amount of town man should win her heart and hand without even the knowledge of her parents adds to his glory. He is certainly to be congratulated. Mr. Freeman has been known here only during his recent visits with the Clovis base ball team, but has made a good impression by gentlemanly conduct, both on the diamond and as a private citizen. The friends of the young couple wish them well and a happy married life.

DIED FOR ANOTHER

Washington, June 20.—Chas. Diver, a motorman lies dying in the hospital of injuries sustained yesterday when endeavoring to save the passengers of his car from the deadly fluid of a broken overhead wire. The car stopped where overhead repairs were being made and a young woman stepped towards the spluttering feed wire. Diver leaped forward and brushed her aside and with a newspaper in his hand seized the wire. The current hurled him against the car and his clothing burst into flames.

As scores of people looked on shuddering at the spectacle of the burning man, some one smothered the flames with a coat and then lifting Diver, bore him to the Potomac river where water was used in a fruitless effort to bring him to consciousness.

Long before the hospital was reached he became conscious and then his young wife, who had been a mother for but two weeks, and had arisen from bed to be at his side, was informed there was little chance for his recovery.
